

JEFFREY E. JONES

905 Floradale Drive Austin, Texas 78753
512-203-2314 jeff@essentricaudio.com

MISSION STATEMENT

I will be sober-minded, in all things showing myself to be a pattern of good works; in doctrine showing integrity, reverence, incorruptibility, sound speech that cannot be condemned, that one who is an opponent may be ashamed, having nothing evil to say of me. (Titus 2:6-8)

I will do all things well and unto the Lord finishing the task. "But none of these things (the physical) move me; nor do I count my life dear to myself, so that I may finish my race (spiritual) with joy, and the ministry which I received from the Lord Jesus, to testify to the gospel of the grace of God." (Acts 20:24)

OBJECTIVES

Multi-Media Ministry Director seeks full time position advancing effective outreach and ministry with technical leadership and expertise.

- ♦ To serve, through professional skills which provide means for a vision of a 21st century church; to create an environment conducive to worship and to support the programming needs of the pastoral staff.
- ♦ To grow under, learn from, and minister with leadership team to balance worship and strong teaching — with excellence, for relevance.

EMPLOYMENT HISTORY

DIRECTOR OF MEDIA MINISTRIES
High Pointe Baptist Church

2001 - Present
Austin, Texas

Recruit, train, lead and shepherd volunteers in technical operation of weekly services. Provide multi-media support to all departments. Produce broadcast for local Fox television affiliate, local cable television, radio and internet. Create, direct and produce promo spots, video announcements and short documentary reports. Draft and execute audio and lighting design for weekly services and special events. Implement video information system. Implement church website. Advance "tape ministry" into Digital Media Distribution including CDs, DVDs, and Internet. Create print media integrated with all audio/visual media. Responsible for budgeting, maintenance, and upgrades to the technical systems.

TEST ENGINEER
Advanced Energy Industries, INC.

1995 -2001
Fort Collins, Colorado and Austin, Texas

Managed test engineering group for the Austin site, including budgeting and personnel reviews, hiring and reduction of force.
